

Bob took great pride in many years of service in the Rotary Club of Gimli having served as President for one term and worked closely with the planning and development of the Rotary Towers, a 55 Plus Complex.

Bob generally enjoyed life...family was very important to him and took great pride in being involved in their endeavors. He had a positive, encouraging and supportive attitude and enjoyed many conversations on numerous topics. He always kept current on life and politics. His love and participation in life for 94 years will be sorrowfully missed.
